

Kia Ora (greetings)

We, The Maaori Community Fellowship of Te Wairua Tapu ki Poi Piripi-Inc,
are a non-profitable incorporated Christian Fellowship, under the leadership and
guidance of the Anglican Dioceses of Melbourne.

We have our services at St Eanswythe's Anglican Church-Altona every Second and
fourth Sunday of the month.

When a fifth Sunday falls we have our combined service with our
European brethren.

We also have services at St Clements-Altona Meadows.

We are predominantly Maaori but our services are conducted in English also.
Recently we became involved with the Laverton Civic Community Center, and are
now

in the process of formulating a Community Open Day at the Community Center.

Maaori & Polynesian Open Day

THIS DAY IS TO PROMOTE OUR CULTURE

Maaori and Polynesian people have been in the Hobson Bay area for some years.

Many have lost their Cultural heritage due to the economic world we live in.
It is in hope that through the open day, many of our Maaori and Polynesian people
will

come and make this day a success.

The success of it all is promoting our cultures, our languages and identity bearing a
new birth to the

the betterment of our younger generations...

This can be done through many different cultural activities.

Music, dance, art, games, weaving, performances and much, much more.

Our main focus is on our youth, being made aware of their culture, their identity and
their heritage.

Education, employment, self esteem and identity are the key issues.

Open Day will expose our Maori and Polynesian Culture to the wider community.

The highlight of the Day is that we hope to promote our Waka Whakairo (Carved
Canoe) if fundings will allow.

Come and be a part of a New beginning

Come and meet your Community
